

I am writing you about the importance of the KLOVE radio station. I am in the military and my family and I have been listening to KLOVE for more than 3 years in 3 different communities, as we have lived in Kansas, Texas, and California. KLOVE provides my family (that includes three teenagers) a safe, entertaining alternative. The nationwide programming has allowed us to remain KLOVE listeners and supporters throughout the past 3 years and we are confident that KLOVE will be anywhere else the Army takes us.
